PETUNIAS

ALL-DOUBLE VICTORIOUS

Dwarf Fringed Giants

A leading pot-plant item for Mother's and Decoration Day.

NOTE: When transplanting Double Petunias, it is advisable not to discard the smaller and weaker seedlings, as these usually produce the finest double flowers.

BLUE BROCADE (NEW)

Beautiful True Violet-Blue

1/2 Tr. Pkt. 1.25

Tr. Pkt. 2.00

Amaranth-Red

Four-inch flowers on plants only 10 inches high, the color a rich shade of amaranth-red. Deeper and richer than "WORLD BEAUTY", one of the best items for pots.

Apple Blossom (Daintiness)

The bushy little plants make about 1 foot of height and are generous with 4-inch blooms of dainty apple-blossom pink.

Gaiety

Another 10-inch plant with 3 1/2 to 4-inch flowers of light rose-red and white, a delightful combination. The frilling of the petals of this variety is especially pleasing.

Loveliness

Four-inch blooms on 10-inch plants which work cheerfully. The color this time is, according to Ridgway, very close to true La-France-pink, the color florists, estate and private garden trade want. This strain is very uniform.

Orchid Beauty

Orchid shade or light lilac, heavily veined and fringed.

Pure White (Snowball)

Extra dwarf flowers, well fringed of the purest snow-white.

Purple (Purple Robe)

These plants sometimes reach a height of 1 foot and bear 4-inch flowers of dark velvety purple, an effective Petunia color.

World Beauty (Pink Perfection)

Immense fringed-flowers of bright rosy-carmine. A popular variety for pots carrying flowers fully 4 in. across on extra dwarf plants (barely 10 inches).
